Club Notes

The next club meeting will be Thursday, September 2nd, via zoom. There will be a wrap up discussion of our club's 2021 Field Day outing at Hyatt Lake.

Just when it seemed that we might be able to start getting back together in person at club meetings, the Delta variant of COVID-19 came roaring back. With the governor's order requiring masks both indoors and outdoors and social distancing we will continue to meet via zoom. I suspect that a lot of clubs are in the same situation as RVARC, with the provider of their meeting room reluctant to open up until after all restrictions have been lifted by the state. Not only must the coast be clear, but all coasts everywhere may need to be clear.

The Repeater is the official newsletter of the Rogue Valley Amateur Radio Club, Inc. It is published 10 times a year—once per month excluding July and August.

Secretary's Report

Meeting minutes from the June 3rd general membership zoom meeting.

Meeting was called to order by Pat at about 7:00 PM.

Discussion on repeaters and repeater listings. Luke mentioned <http://hearham.com/repeaters> as one list. Tom put together a list by combining several existing lists and one from JCARES. It's now on our club webpage at: <https://k7mfr.org/pages/local-info/repeaters/>

The club field day location was selected: 7975 E. Hyatt Lake Rd. on the ballfield. RV and tent camping are available, and there were openings at the time of the club meeting. The club will be operating 2A.

Tom setup Logbook of The World (LoTW) for the club callsign: K7MFR. [Ed note: all our 2021 Field Day logs have been uploaded to

RVARC Email List

RVARC maintains a private closed email reflector for members and friends.

An email sent to the reflector will be sent to everyone else subscribed to the list.

You can also browse past messages and create new messages from the web interface if that is more convenient.

Each month we send ZOOM coordinates for the meeting using that mail list.

Several folks have been sent invitations, but they have expired unused.

If you are not on the list, send an email to our club webmaster, Tom, N5EG (address on the front page) and he will have googlegroups send you an invitation.
